Dear Sir/Madam

Reference Number: 22/02241/FUL

Applicant: Mrs Claire Chamberlain

Development: Installation of renewable energy generating solar farm comprising ground-mounted photovoltaic solar arrays, together with substation, inverter stations, security measures, site access, internal access tracks and other ancillary infrastructure, including landscaping and biodiversity enhancements

Location: Land East Of Hawksworth And Northwest Of Thoroton Shelton Road
Thoroton Nottinghamshire

With reference to the above, Notts Area Ramblers make the following comments.

1. The 6m width of the bridle way is thankfully acknowledged.
2. We are pleased to see the permissive bridleways that improve the connectivity of the network.
3. Regarding the Hawksworth Bridleway no. 1 and Thoroton Bridleway no 6, Ramblers would suggest that **the fencing be screened by hedging** – the current plans do not seem to suggest this to be happening. We would consider it good practice to carry out such planting.

We hope that such consideration may be made to mitigate the visual effects of this development.

Yours sincerely

Paul Fenton
