Rushcliffe Borough Council UK Shared Prosperity Fund and Rural England Prosperity Fund 2025/26

Grants to support community projects of between £5k - £40k

Grant Guidance Document

UKSPF and REPF

The UK Shared Prosperity Fund (UKSPF) and Rural England Prosperity Fund (REPF) provides funding for local investment until March 2026. Government's ambition is that UKSPF is used to support initiatives which will kickstart economic growth, make Britain a clean energy superpower and break down barriers to opportunity.

The Council has allocated an amount of UKSPF to support projects aligned with government's priorities and the Council's corporate priorities.

UKSPF funding can support capital and revenue projects across the Borough.

REPF is ringfenced capital funding to facilitate the delivery of projects tackling specific rural challenges. All of Rushcliffe excluding West Bridgford is an eligible area for REPF. The Council is currently waiting for confirmation of REPF. Should funding be allocated this will increase the total funding amount available and enable more projects to be supported.

GRANT FUNDING AVAILABLE:

Grants of between <u>£5k and £40k</u> are available to fund projects which fit within one of government's six themes:

- 1. Improving health and wellbeing
- 2. Reducing crime and the fear of crime
- 3. Bringing communities together, including improvements to premises used by local volunteering groups
- 4. High streets and town centre improvements
- 5. Developing the visitor economy
- 6. Improvement to local infrastructure and essential services that benefit rural communities

ELIGIBILITY:

- The application must be from a properly constituted organisation in the Borough of Rushcliffe. The Council will need to see a copy of the organisation's constitution, memorandum and articles of association and/or written rules.
- Projects must take place solely in the Borough of Rushcliffe.
- Organisations must be able to spend their grant allocation by no later than 31 March 2026.
- Funding will not be available before 30 June 2025, any spending ahead of grant contracts being signed cannot be claimed
- Projects cannot be funded where there is a statutory duty to provide them.
- Funding must not be used to replace existing funding sources.
- Funding must enable activity to take place that would not otherwise happen, or to increase the scope, scale or intensity of activity.
- Projects will not be eligible for <u>capital grants</u> in this funding round if they were successful in 2023/24 or 2024/5. Organisations may be eligible as long as funding is sought for a different project.
- Previous unsuccessful applicants are welcome to re-apply, with the same or a different project. Our
 previous grant funds were significantly over-subscribed, so that many eligible projects could not be
 supported.

IMPORTANT INFORMATION:

Match Funding:

- Match funding of a minimum of 30% from community groups, Town and Parish Councils and voluntary organisations is desirable, but not mandatory. This can be financial match or match in-kind (e.g. volunteer hours).
- Applicants will be required to detail their proposed match funding in their application. If the fund is over-subscribed then applications for eligible projects demonstrating match funding will be viewed more favourably than those without.

Payment of Grants:

- Payment of grants will generally be by a single payment on completion of the project, with the Council requiring copies of receipts, evidence of project delivery and of expenditure of match funding before the payment is released.
- To help with cash-flow the grant may be paid in two or three stages, again subject to the Council being provided with copies of receipts, evidence of project delivery and expenditure of match funding, before each stage payment is released.
- Where VAT is non-recoverable it is an eligible cost. Where VAT is recoverable it not an eligible cost.
